

cordiale

low carbon carpet tiles & sheet

extremely durable fine ribbed carpet

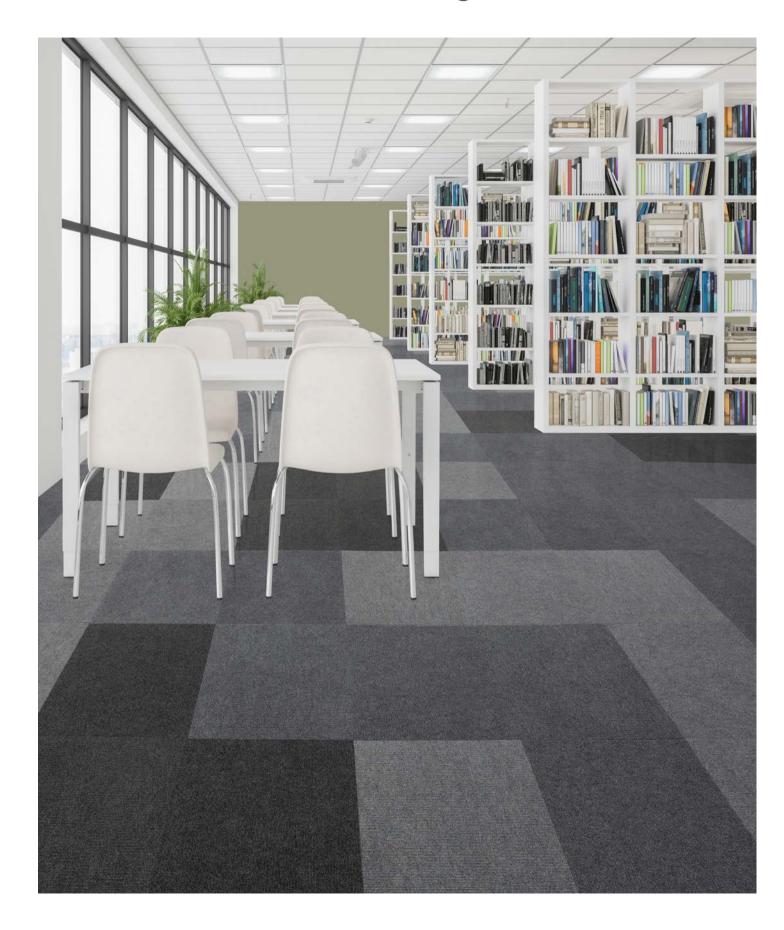

Made from solution dyed fibres including 5% recycled polyester and our unique **BioBase®** recycled backing, **cordiale** is low carbon.

cordiale is an extremely durable fine ribbed carpet, available in tile or sheet making it easy to maintain, and features anti-fray and anti-ravel technology.

The palette of 40 colours is an ideal choice for use in schools, colleges and universities, perfect for heavy footfall environments.

eco matters®

We are committed to helping deliver a sustainable future, because we believe that what we do matters. To help us deliver on this commitment, we have developed ecomatters, our sustainability principles, supported by independent 3rd party verification.

Journey to **Net Zero** & Beyond

Positive Environmental Impact

Social Values & Well Being

Made from solution dyed fibres including 5% recycled polyester and our unique BioBase® recycled backing, cordiale is low carbon. The extremely durable fine ribbed carpet, available in tile or sheet making it easy to maintain, and features anti-fray and anti-ravel technology. The palette of 40 colours is an ideal choice for use in schools, colleges and universities, perfect for heavy footfall environments.

cordiale is low carbon

cordiale features anti-fray/anti-ravel technology

cordiale tiles use BioBase® recycled backing

Burmatex® products are supported by 3rd party independently verified, product specific EPD's

LEED

Burmatex® products contribute towards Leed accreditation

SKA Burmatex® products adhere to SKA standards Burmatex® recovery take back service provides a no landfill solution for your used tiles

Burmatex® products are made using 100% certified renewable electricity

ecomatters declarations are independently 3rd party verified

WELL Building Standards Burmatex® products contribute to WELL Building Standards
