carpet tiles of **tivoli®** antigua steel, madagascar orange & cuban brown

18 introducing tivoli mist®

tivoli mist®

Mix and match the **low carbon tivoli®** and **tivoli mist®** ranges

This flexible **tivoli mist®** design offers the opportunity to create soft transitions between different colours within the **tivoli®** palette or a sleek allover pattern that mists from one colour to another.

tivoli mist® uses **EqoBalance®** 100% **recycled bio-genic** yarn, which is made using **bio-genic** organic waste from **renewable** sources. Combined with our unique **BioBase® recycled** backing, **tivoli mist®** is **low carbon**.

With a design allowing for soft transitions between colours or a sleek allover pattern that mists from one to another.

The colour palette of 10 provides endless possibilities for adding colour into a wide variety of interiors.

Also available as 25 x 100 cm carpet planks.

tivoli mist® is available in 10 colour options:

Adhesive Free Installation to Facilitate Flooring Reuse

Burmatex® achieves circular installation with IOBAC

Adhesive free installation with IOBAC allows carpet tiles to be held securely in place, yet are uplifted cleanly and damage-free, enabling easier reuse and recycling.

Scan QR code for the **Burmatex®** Installation Guide

arctic® on raised access floor

Magnetic and dry-tack

arctic® on standard floor

Double-sided adhesive

IOBAC MagTabs®

Magnetic on one side and dry-tack on the other, IOBAC MagTabs work by locking carpet tiles tightly together using a unique 2-dimensional grip onto magnetically receptive sub-floors such as access flooring.

IOBAC Tab-It®

Double-sided dry-tack adhesive tabs for cleanly fixing and uplifting carpet tiles on most prepared sub-floors.

Design for Deconstruction

To enable future reuse, repurposing, or recycling

The Construction industry is currently in transition from a linear path to a circular economy, but this process is still at an early stage. Design Deconstruction plays a vital role in a buildings' circularity and a considered approach in selective dismantlement of building components for provision of its future reuse, repurposing or indeed recycling, is imperative in this change.

Supportive measures:

- Products supported by specific, full LCA EPD's
- Products with low GWP
- Products that are Carbon Neutral*
- Products with high recycled content ISO 14021
- Products with recyclable components
- Products compatible with reuse and circular installation

The different colours show different building materials that can be deconstructed and treated separately.

IOBAC MagTabs® and Tab-It® enable carpet tiles to be uplifted cleanly and damage-free, enabling easier reuse and recycling.

technical specification

Yarn	100% recycled bio-genic solution dyed nylon
Tile / plank dimensions	50cm x 50cm / 25cm x 100cm
Pile Weight	600g/m ²
Total Weight	4050g/m ²
Total Thickness	6.5mm
Backing	BioBase® recycled backing (recycled BS EN ISO 14021)
Wear Classification	Class 33 heavy commercial use (BS EN 1307)
Castor Chair Rating	Pass - continuous use (BS EN 985)
Flammability	Euroclass Bfl-s1
Static Loading	BS 4939: 1987 (2003) Recovery >80% (24hrs)
Reduction in Impact Noise	BS EN ISO 10140-3:2010 23dB
Warranty	15 years
Tiles / planks per Box	20 (5m ²) / 18 (5m ²)

Burmatex®

MANUFACTURERS OF CREATIVE FLOORING 

Burmatex®, created in 1967, is one of the UK's leading designers and manufacturers of contract carpet tiles. Our eco friendly portfolio focuses on the design and creation of innovative products to meet the needs of architects, specifiers and contractors. Get in touch to discuss our design service for your project.
