osaka

carbon neutral carpet tiles

Made from Universal Fibers® Thrive® matter yarn, the **world's first carbon negative recycled** yarn, and our unique **eco2matters® BioBase™ recycled** backing, **osaka®** is **carbon neutral**.

osaka® is an all over pattern inspired by an incredibly vibrant, futuristic, and traditional part of the world, Japan. The contrasts found in Japan inspire the range; new and old, warm and cool, urban and natural.

The refreshed palette of 12 includes trend inspired luminous pastels (gingko, chiru, kawa) a bright and joyful red (hanabi), two fresh and calming blues (kori and sora) and a new pure warm (hikari). The range maintains its set of popular core greys and beige; mochi, arashi, sesame and sumi.
